# INTRODUCTION

" In INDIA an **VETERINARY DOCTOR** not only serves deaf & dumb animal but also put contribution in economic & social wealth to build strong nation."

An Eminent Veterinarian keen observer, scientific visionary and compassionate person started his journey after doing his BVSc & AH from Jawaharlal Nehru Krishi University, Jabalpur in 1967 and served in Govt. Dept, for 33 long years retired as deputy director.

A sharp observer a quick analyzer and prescriber, he had a penchant for applying allied sciences ie Homoeopathy, which he studied for two years at Royal Homoeopathic college Lucknow for BVSc & AH and come to various successful formulations for varied typical diseases like Mastitis, FMD, HS, Meningitis. His 33+ years experience had laid down a successful venture, become pioneer in field of veterinary that is Goel Vet. Pharma Pvt. Ltd. to serve deaf, dumb and most vulnerable creature on Earth.

We always try to give the best food to our pets to live long, happy, healthy lives. We always try our best for our pets but sometimes they remain weak and unhealthy. That's why all the time they feel unhappy and uncomfortable. We also feel worried about the health of our pets. But we forgot about pet supplements. Supplements are very important for our pets. All dog foods have already mixed supplements in there but sometimes it's not enough for our pets in puppy age. All supplements must be given for at least 12 months. Many types of supplements are available in the market but all products are no necessary only some main supplements are essential.

So here I suggest you important supplement for your pets.
