Dr. Goel's

GOEL VET PHARMA PVT. LTD.
SINCE 1977

INTRODUCTION

In the historical city of Chittorgarh, for the first time in history, a new approach towards Homoeopathy in Veterinary was started in the name of Goel Vet Pharma Private Limited. We provide veterinary homeopathic medicines for pets ,cattle, buffalo, sheep, goats

Homeopathy In Veterinary

Dr.Samual Hahnemann, a German allopath, offered the alternative system of therapeutics 200 years ago to fill the therapeutic vacuum. It was a completely dark era of Medicine then. There was no knowledge of anatomy, physiology, pathology, pharmacology, surgery, and microbiology at that time. Hence a new approach of "like cures like" was introduced, which was called HOMOEOPATHY.

What Is Homeopathic Cure?

Homeopathy: a system of complementary Medicine in which ailments are treated by minute doses of natural substances which in larger amounts would produce symptoms similar to the actual ailment in a healthy one. A lot of studies say Homoeopathy cures incurable diseases too.

"Homoeopathic medicine = Energy e.g. E = mc2"

What Is Homeopathy In Veterinary?

Since then, the effectiveness of Homoeopathy has been proved in a huge number of patients. The same principle has been explored and extended to all kinds of life, including animals. Now, Homeopathic Veterinary Medicine has an emerging market in the field of small and large animals. People are positive towards better alternatives to conventional treatment with better cures and probably without side effects or contraindications. Homeopathic Veterinary Medicines for all domestic animals are the best available option that can solve most of the problems of the poor livestock farmers and pet parents as well as veterinarians.

Healthy Pet Naturally

Homoeopathic Veterinary Medicines for pets are highly advantageous for those who are looking for easily administrable, highly effective, side-effect free, and contraindications free treatment for conditions like distemper, pseudo-pregnancy, pyrexia, indigestion, vomiting, or any other general disorders of liver or urine infections. Homeopathic Veterinary Medicines for dogs and cats are the best alternative for side-effect-free medication ever known.

ADMINISTRATION :

To be given, Directly on the Tongue or Nostrils or in Drinking Water

PACKING :

30 ml Drops Pack

ASSESSING THE AMELIORATIVE EFFECTS OF CYSTIGOTM ON URINARY CELLULAR BIOMARKERS IN CANINES' CYSTITIS: A STUDY OF HOMEOPATHIC INTERVENTION

Alok Kr Chaudahry*, Nisha Chaudhary, Mukesh Kr Srivastava, Ruchi Tiwari, Ashish Shrivastva, Sonika Verma and Aman kr Singh
DUVASU, Mathura

The aim of this study was to evaluate the ameliorative potential of an alternative remedy in down regulating urinary cellular biomarkers in canines with lower urinary tract infections. Out of 150 dogs screened, 30 (18 females, 12 males) of more or less similar age were selected based on inclusion criteria and underwent detailed clinical investigation to established clinical biomarkers. Laboratory analysis included aseptic collection of 5 ml of blood from the cephalic vein and 20 ml of urine via ultrasound-guided cystocentesis. On day 0, urine samples were analyzed for cellular biomarkers using direct microscopy and Gram staining bacterial isolation and identification, biochemical markers via urine dipstick autoanalyzer, and specific renal markers Neutrophil Gelatinase-Associated Lipocalin (NGAL).Imaging markers were also assessed by measuring urinary bladder wall thickness. After 7 days of treatment with Cystigo™ (10 drops thrice daily, showed slight down regulation of biomarkers. After 14 days, all the biomarkers were found significantly normalized (<0.05). The results indicated that the homeopathic approach is one of the most effective alternatives for treating lower urinary tract infections in canine, without any adverse effects.

Dr. Goel's

INFLASULE

Inflammation of joints, lameness, shifting pain with swelling (LYME Disease) lameness, Fever and Anorexia may be associated INFLAMMATION OF EYES. Due to INJURY or Other Cause.

COMPOSITION

Apis Mel	6x	1.0ml
Kali Iod	30x	0.75ml
Bryonia	6x	1.0ml
